

This seminar will lead you through all the components of a corporate balance sheet, income statement and cash flow statement. You will feel familiar and comfortable with these statements; get a feel for what they tell us about a company's state of wealth

Business success through people

Business success through people

Finance for Non Financial Managers

6 & 7 December 2010
Midrand Conference centre,
Johannesburg, South Africa

You will learn

The techniques of financial statement interpretation using popular ratios and financial indicators
You will feel confident that your conclusions are correct and will be taken seriously by accountants.

OBJECTIVES

Participants will work through a number of case studies to reinforce the concepts covered.

YOUR PRESENTER

David Gordon

David has been an international management trainer since January 1988, having facilitated in countries such as Kenya, Cameroon, Rwanda, Namibia, Botswana and South Africa. His training specialties include the subjects of corporate and student speed reading, mind mapping, skills for financial controllers, finance for non-accountants, business and technical writing, strategic planning and budgeting, sales management and leadership skills. He is a regular guest presenter of specialist management skills topics to business schools and colleges.
